

**Summarized variables in NDKASCREENING (excluding open-text)**

NAME	LABEL
StudyEvent	StudyEvent
Inclusion1	Is the patient more than 3 years of age?
Inclusion2	Is patient less than 18 years plus 3 months of age?
Inclusion3	Does patient have a diagnosis of type I diabetes?
Exclusion1	Does the patient have a history of any diabetic ketoacidosis (DKA)?
Exclusion2	Does the patient have a pre-existing neurological disease that substantially impacts mental status or neurocognitive exam (e.g. cerebral palsy with developmental delay or autism)?
Eligible	Eligible
PermissionAge	Age of patient
Permission	Permission Given
Consent	If "No," was informed consent given?
CONSENTDAY	Informed Consent Day (relative to ScreeningDate)
PERMISSIONDAY	Permission Day (relative to ScreeningDate)
SCREENDAY	Screening Day (relative to ScreeningDate)
